Trigger and Handle Simple Alert

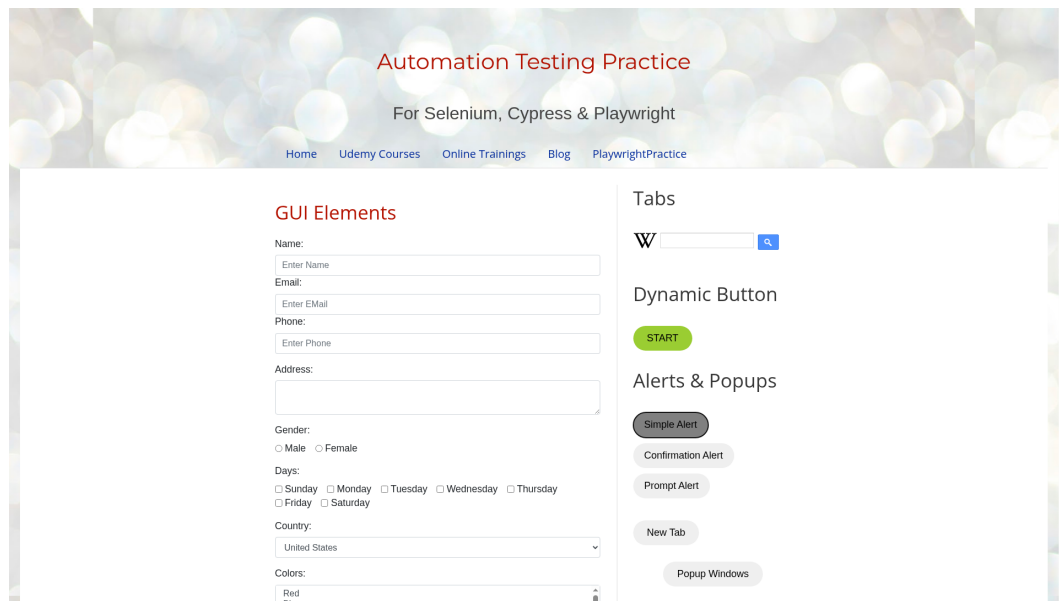

Website: <https://testautomationpractice.blogspot.com>

Feature Area: Alerts & Popups

Goal: Trigger a simple JavaScript alert and handle the dialog.

Generated: March 26, 2026 at 06:27 AM

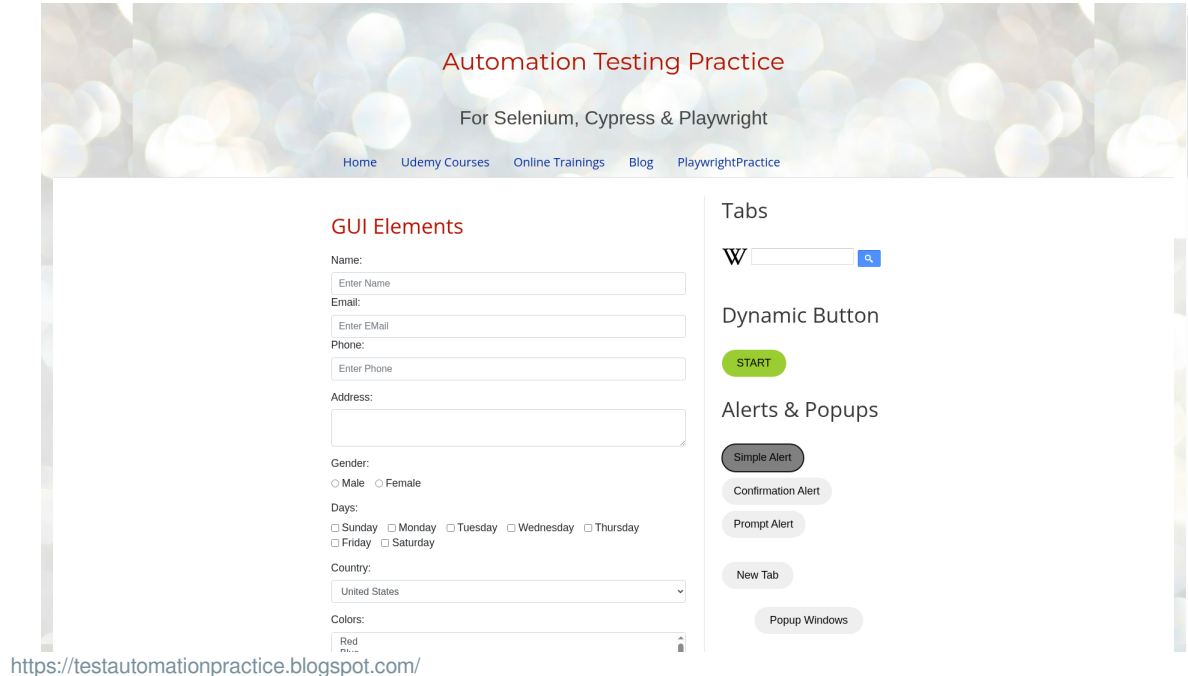

The AI successfully navigated to the Automation Testing Practice site and triggered a simple JavaScript alert by clicking the 'Simple Alert' button. The alert was handled and closed as expected, demonstrating the ability to automate basic alert dialog interactions.

Step-by-Step Walkthrough

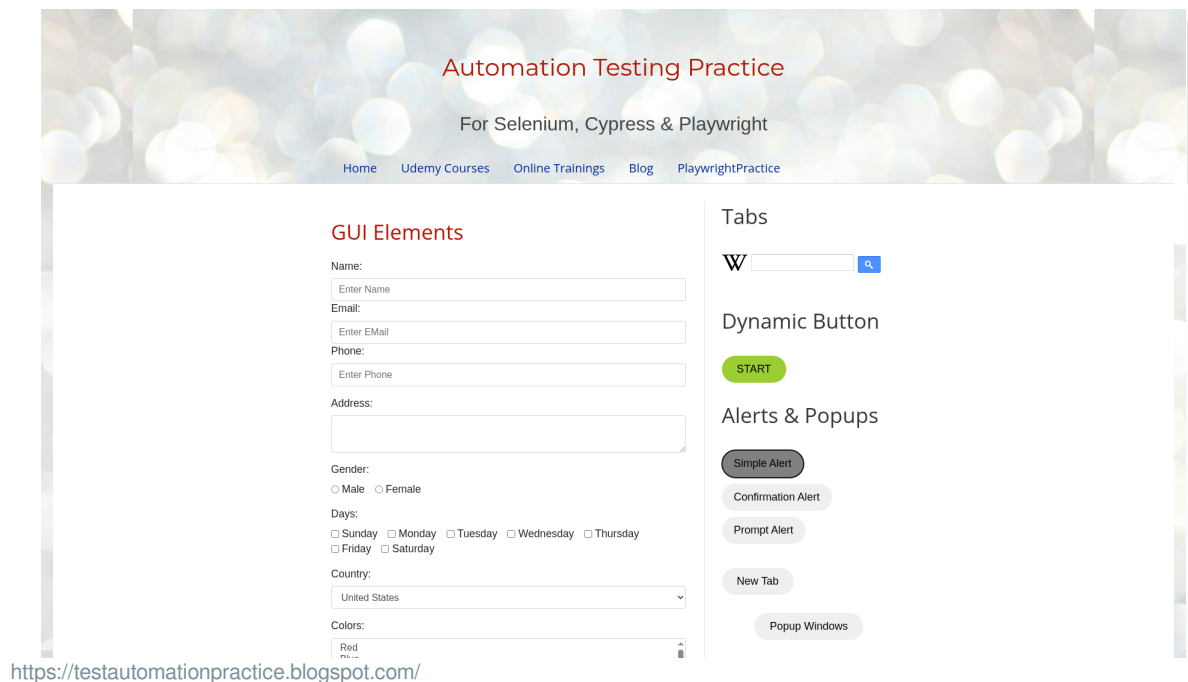

1. Navigating to Test Page

The AI navigates to the Automation Testing Practice website, displaying various UI elements and alert options.

2. Triggering Simple Alert

The AI clicks the 'Simple Alert' button, initiating a JavaScript alert dialog as part of the workflow.
