Workflow Exploration Report

Scrolling DropDown Selection

Website: <https://testautomationpractice.blogspot.com>

Feature Area: Scrolling DropDown

Goal: Open the scrolling dropdown, scroll to various positions, and select items.

Generated: March 26, 2026 at 06:28 AM

The AI tested the Scrolling DropDown feature by navigating to the dropdown, scrolling to various positions, and selecting items. It verified that the selected item appeared in the input field after each selection, including the first, a middle, and the last item in the list.
