Complete GUI Elements Form Submission

Website: <https://testautomationpractice.blogspot.com>

Feature Area: GUI Elements Form

Goal: Fill out all GUI Elements form fields and submit the form successfully.

Generated: March 26, 2026 at 06:26 AM

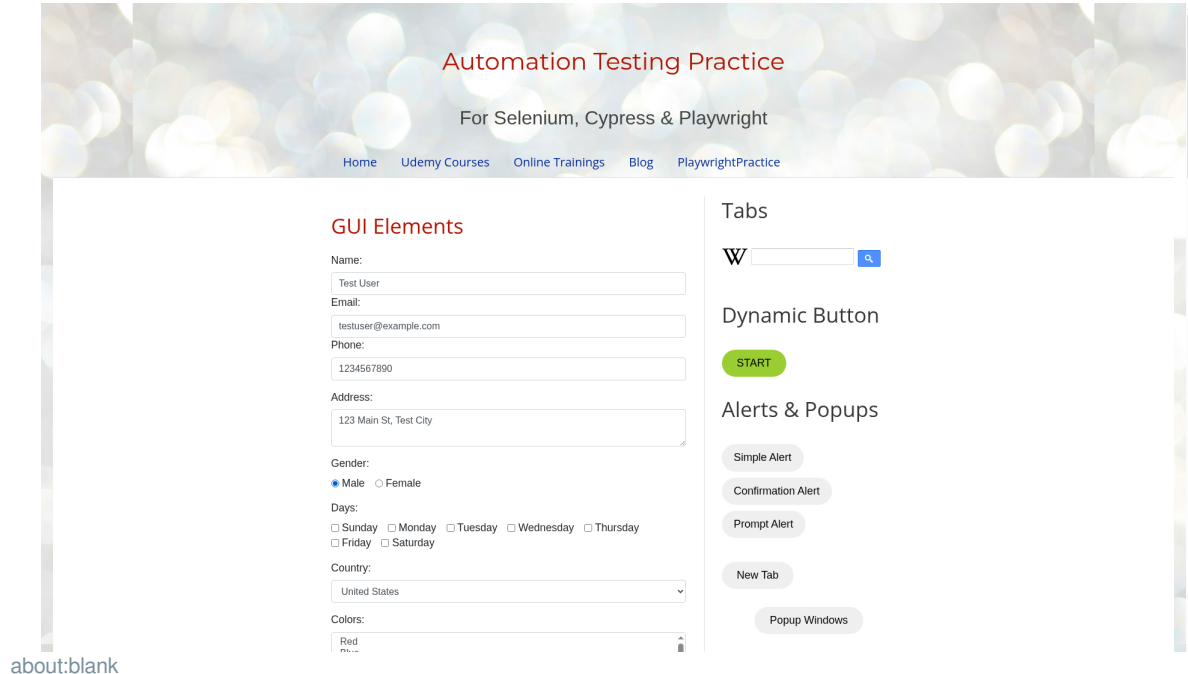

The AI successfully completed and submitted the GUI Elements form on the Automation Testing Practice site. All required and optional fields were filled, including text inputs, radio buttons, checkboxes, dropdowns, multiselects, and date pickers. After submission, the UI confirmed the selected date range, demonstrating end-to-end form interaction and validation.

The screenshot displays the 'Automation Testing Practice' website. The header features the site name and a navigation menu with links to Home, Udemy Courses, Online Trainings, Blog, and PlaywrightPractice. The main content area is divided into two sections. On the left, the 'GUI Elements' form is filled out with the following details: Name (Test User), Email (testuser@example.com), Phone (1234567890), Address (123 Main St, Test City), Gender (Male selected), Days (Sunday, Monday, Tuesday, Wednesday, Thursday selected), Country (United States), and Colors (Red selected). On the right, a sidebar titled 'Tabs' contains a search bar, a 'Dynamic Button' with a green 'START' button, and an 'Alerts & Popups' section with buttons for Simple Alert, Confirmation Alert, Prompt Alert, New Tab, and Popup Windows.

Step-by-Step Walkthrough

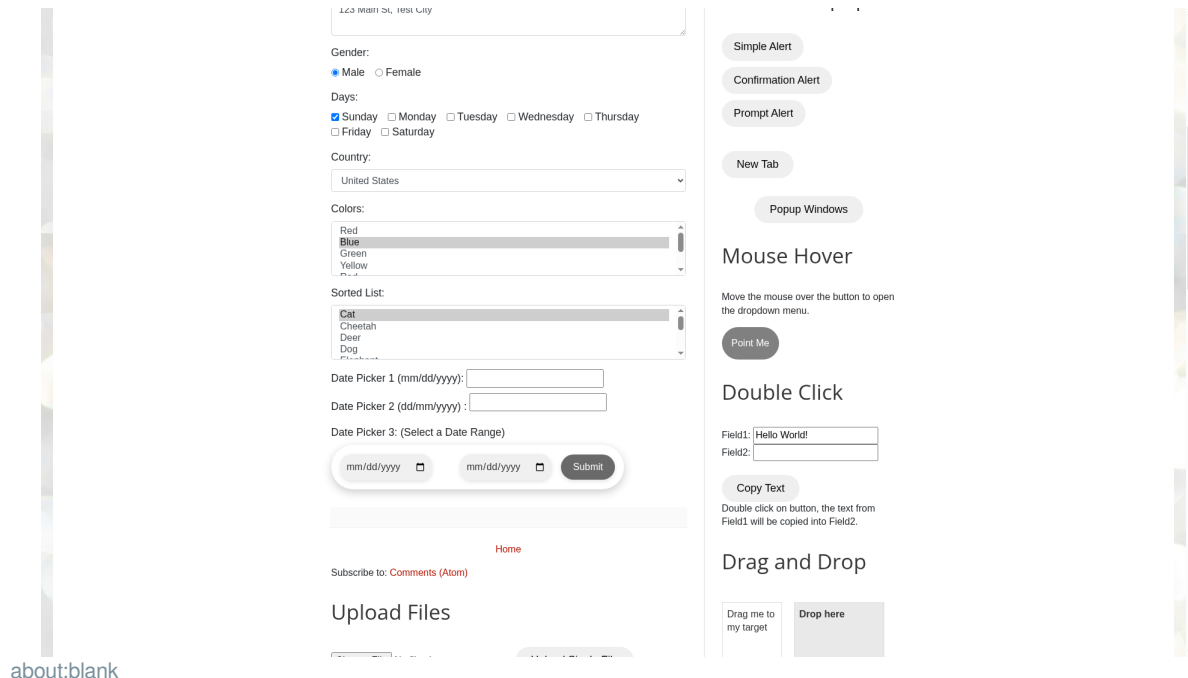

1. Form Fields Partially Filled

The AI fills out the initial fields of the GUI Elements form, including Name, Email, Phone, Address, and selects the Male gender option.

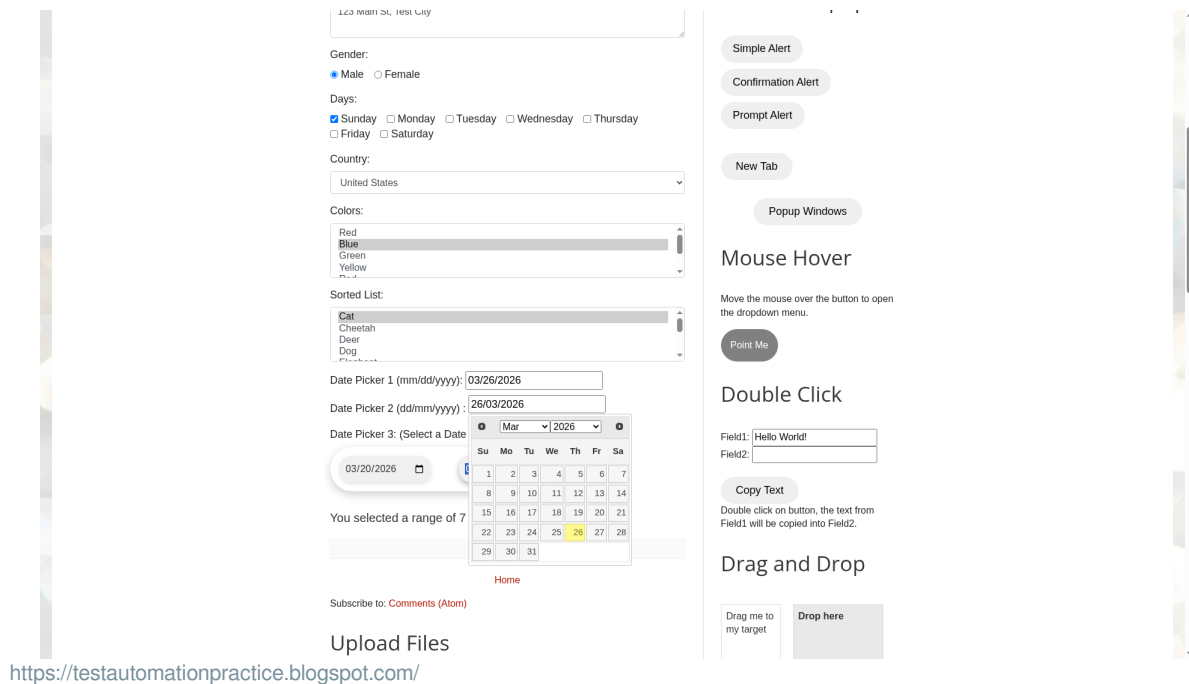

2. Selecting Options and Dates

The AI selects Sunday for Days, United States for Country, multiple colors, animals from the sorted list, and prepares to fill out the date pickers.

3. Form Submission and Date Range Confirmation

The AI completes all date fields and submits the form. The UI displays a confirmation message indicating the selected date range.
