Toggle Hidden Elements and Load AJAX Content

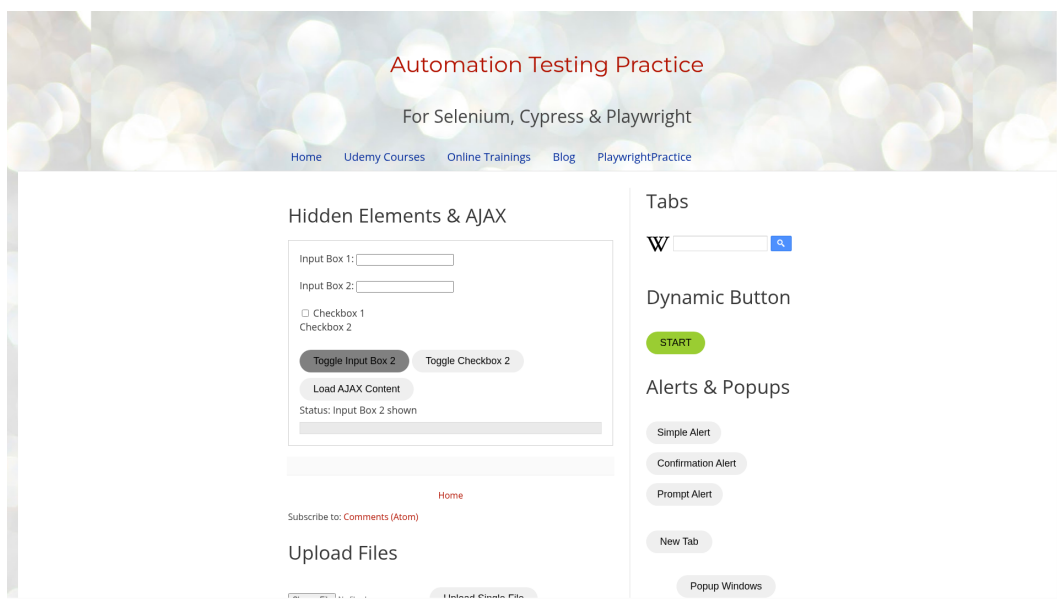

Website: <https://testautomationpractice.blogspot.com>

Feature Area: Hidden Elements & AJAX

Goal: Toggle visibility of input boxes and checkboxes, fill fields, and load AJAX content.

Generated: March 26, 2026 at 06:26 AM

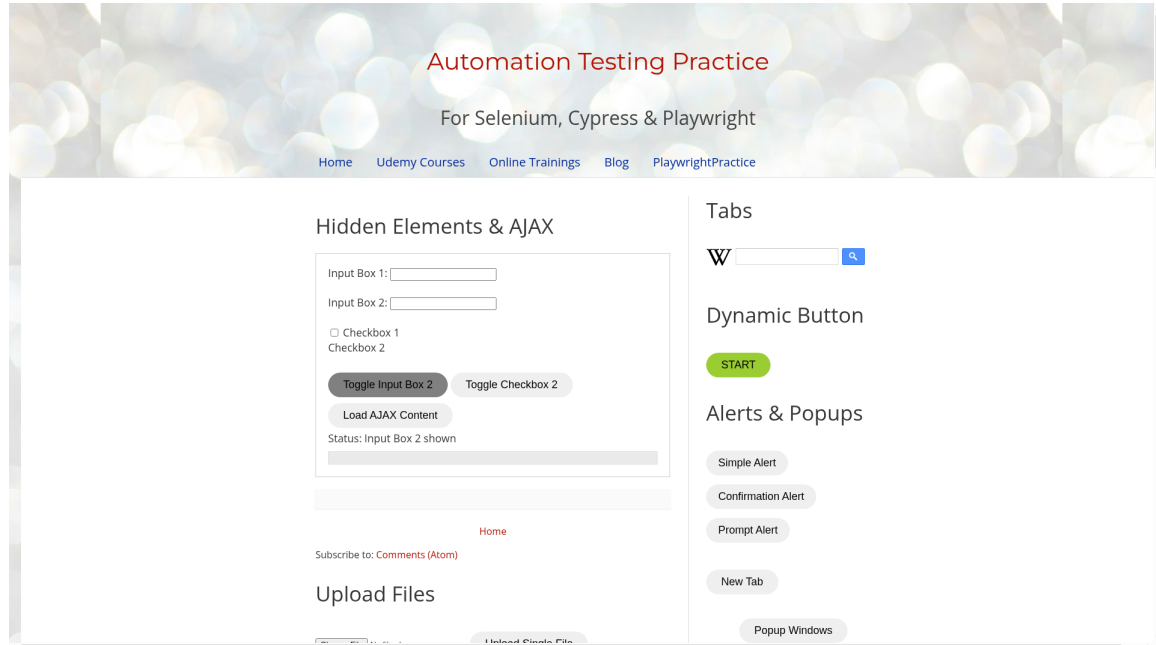

The AI tested the toggling of hidden elements and the loading of AJAX content on the 'Hidden Elements & AJAX' section. It interacted with input boxes and checkboxes, verified their visibility and state changes, filled out fields, and triggered AJAX content loading, confirming UI updates at each step.

Step-by-Step Walkthrough

1. Initial State of Hidden Elements

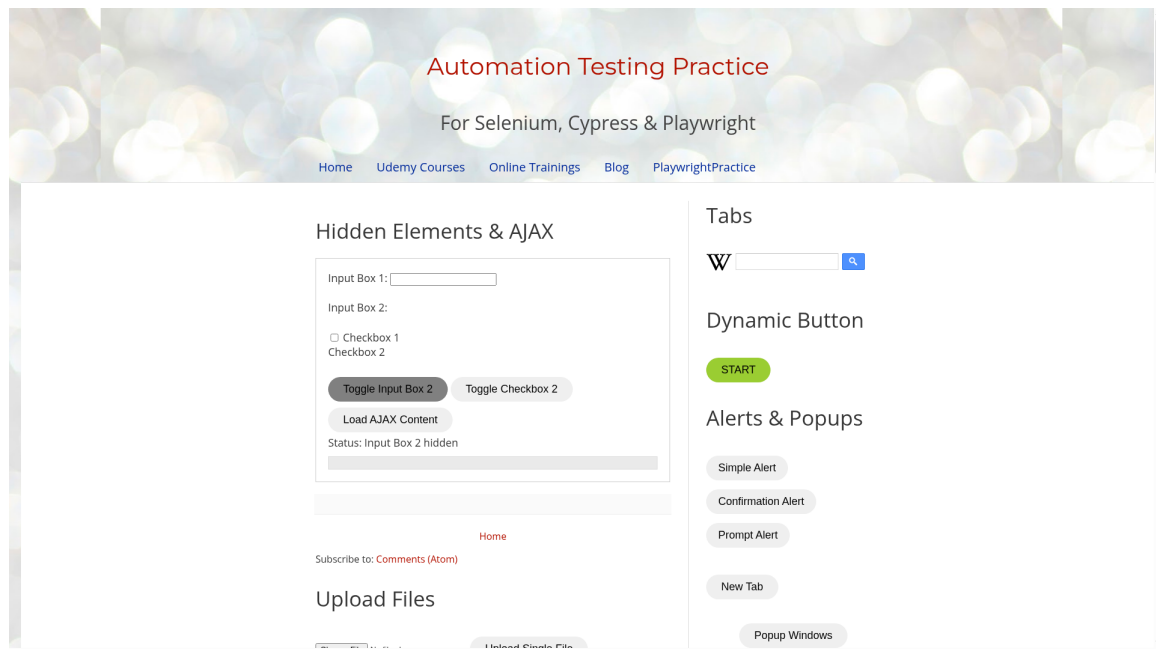

The AI navigates to the page, displaying both input boxes and checkboxes with all controls visible and the status set to 'Ready'.

2. Input Box 2 Hidden

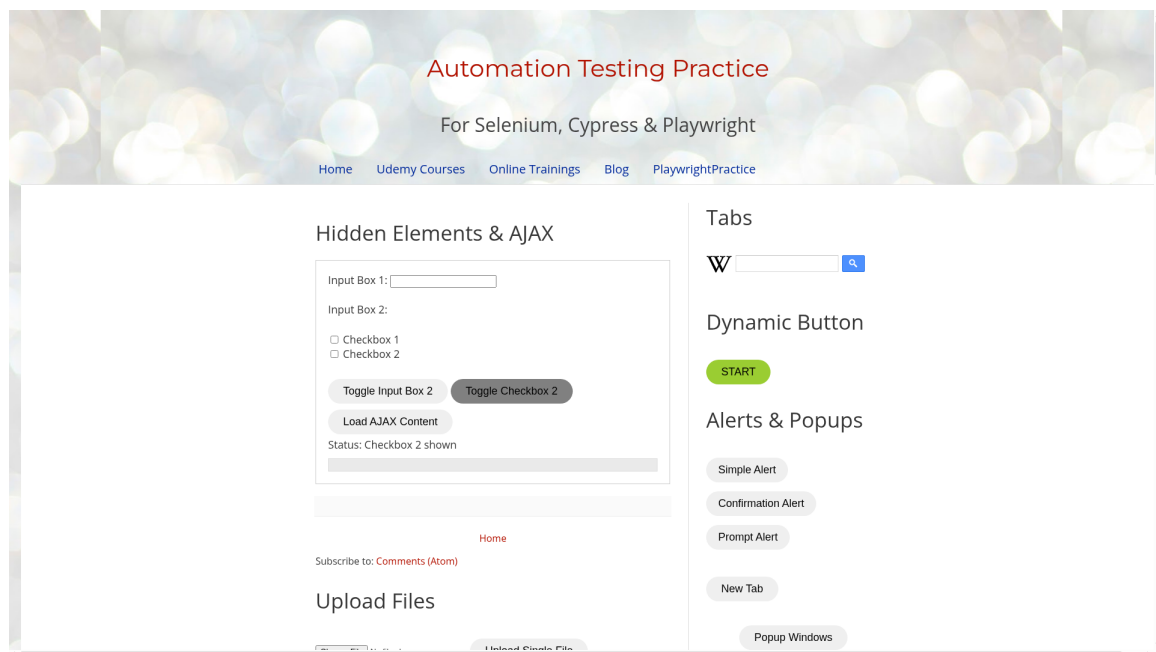

The AI clicks the 'Toggle Input Box 2' button, hiding Input Box 2 and updating the status message to 'Input Box 2 hidden'.

<https://testautomationpractice.blogspot.com/p/gui-elements-ajax-hidden.html>

3. Checkbox 2 Shown

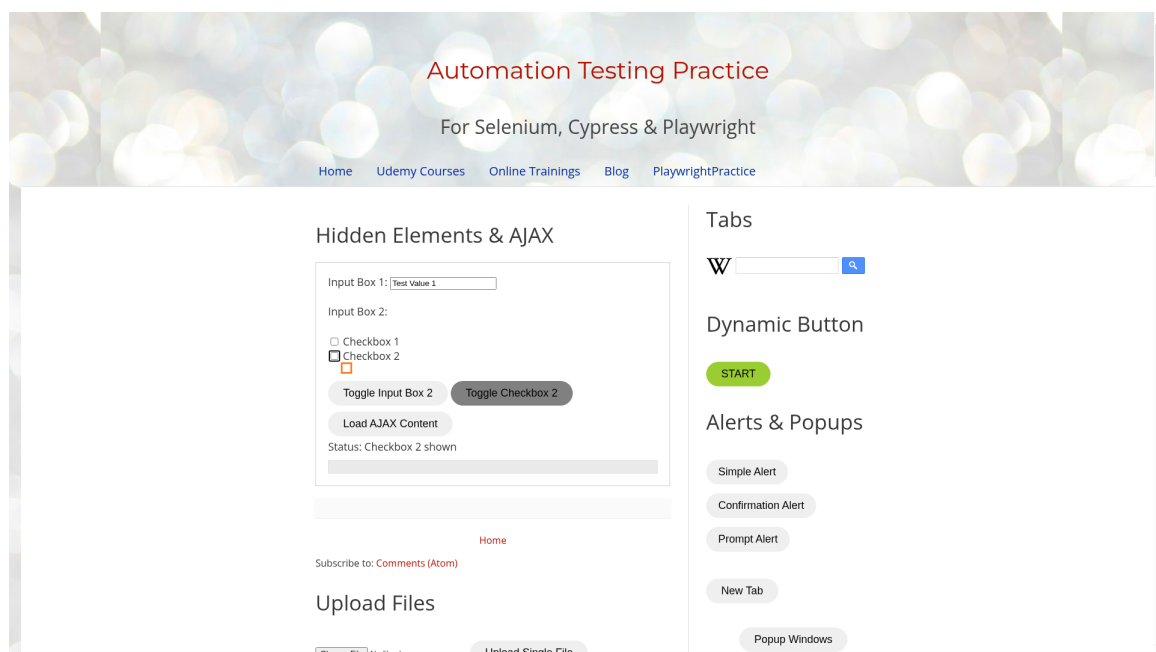

The AI toggles Checkbox 2's visibility, making it visible and updating the status message to 'Checkbox 2 shown'.

<https://testautomationpractice.blogspot.com/p/gui-elements-ajax-hidden.html>

4. Fields Filled and Checkbox Checked

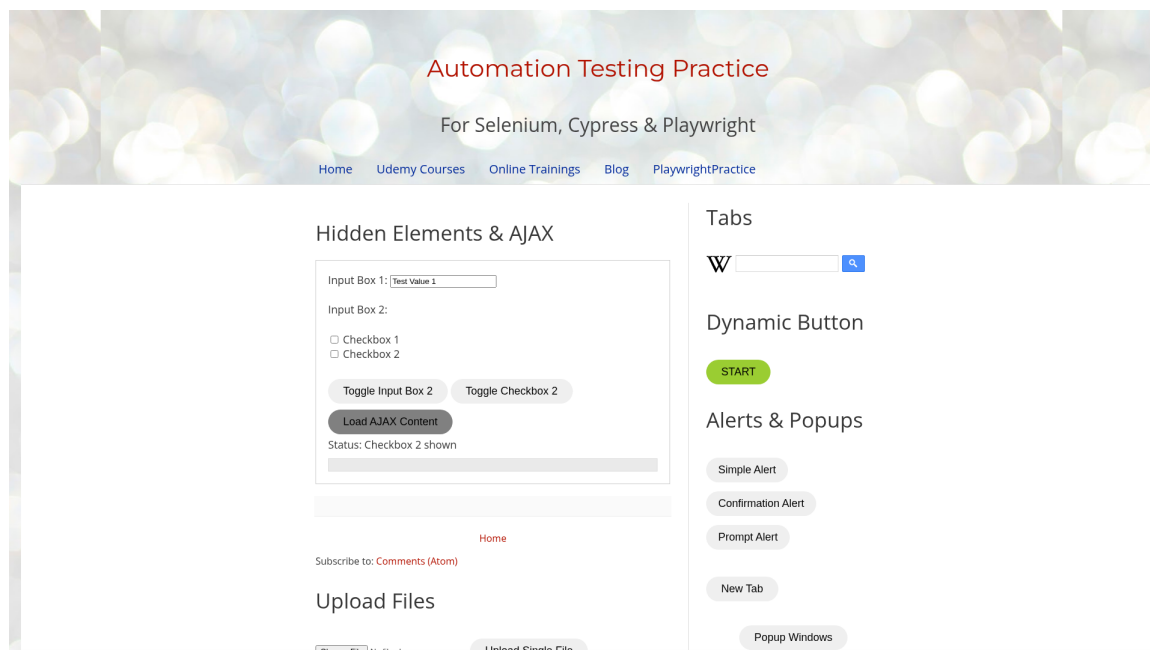

The AI fills 'Input Box 1' with 'Test Value 1' and checks 'Checkbox 2', demonstrating successful interaction with the visible controls.
